

Coming to nursery every day attendance really matters

When do children learn and develop the most?

It's now, from birth to five years old.

We never learn so much, so quickly again for the rest of our lives

Children who start off right will benefit all through their schooling...and beyond!

- It's really important for children to come to nursery every day, unless they are sick.
- Children who attend well are happier. They make more progress in their learning.
- Last year the large majority of children at Sheringham had a good level of attendance (95% or better).

Please remember to book your family holidays during the school holidays.

Time out during the nursery school termtime is not authorised

Holidays during termtime are not authorised and this information is passed onto your child's primary school.

If your child is away on a family holiday during termtime for an extended period then we reserve the right to withdraw their place.

We understand that there are sometimes family emergencies and in *exceptional circumstances* we can authorise time out during termtime.

Please ask for a form at reception.
